

RECAST SOFTWARE

# Install Right Click Tools with RMS

Last Modified on 02.05.24

By implementing Right Click Tools Enterprise with Recast Management Server, you'll have access to the product's full functionality. You can also choose to [add Recast Management Server to an existing installation of Right Click Tools Enterprise Standalone](#) later.

## Recommended Installation Workflow for Right Click Tools with RMS

1. Ensure that all [system requirements](#) are in place.
2. [Install Recast Management Server with Recast Proxy](#) .

**NOTE:** The [Recast Proxy](#) must be deployed separately, after [Recast Management Server installation](#) , if the proxy is being installed on a server other than the Recast Management Server. See [Install Recast Proxy Separately](#) .

3. [Install Right Click Tools with Recast Management Server](#) .
4. [Install Recast Agents](#) .

Once you've installed the required Recast components, you're ready to [configure Right Click Tools](#) .

---

## License Right Click Tools with RMS

When you add Recast Management Server as part of a [new Right Click Tools Enterprise deployment](#) or an [upgrade to Right Click Tools Enterprise](#) from the Community Edition, you'll be asked to connect to RMS when signing into Recast Software. ## View Recast Software License Details

When Right Click Tools is connected to Recast Management Server, the Recast Agent will automatically update licensing information from RMS when a new software version is installed. You can check the expiration date, status, device count of all your Recast product licenses in the Recast Management Server interface.

To view licensing details in the Recast Management Server interface:

1. Access your Recast Management Server at `https://<ServerFQDN>:<Port>` in a web browser.
2. Navigate to **Administration > Licenses**.
