# Recast Software Version 5.5.2404.1007

Last Modified on 04.11.24

Release Date: April 10, 2024

**Version 5.5.2404.1007** includes new features and bug fixes. Upgrade to this Recast Software release by downloading it from the [Recast Portal](#). For instructions on updating to this version, see our articles on upgrading [Right Click Tools](#), [Endpoint Insights](#), [Privilege Manager](#), and [Application Manager](#).

## Features

### Right Click Tools

Retrieve BitLocker Recovery Keys from Configuration Manager

With our new Right Click Tool, you can now view and copy [BitLocker keys stored in ConfigMgr](#).

### BitLocker Compliance Web Dashboard Updates

We've introduced some improvements to the [BitLocker dashboard](#) in your Recast Management Server.

- Decluttered charts and legends only display categories that include at least one device
- The table's new Key Storage column displays recovery key storage locations
- For greater accuracy, the count at the top of each tab displays the number of devices rather than a percentage of devices

### Content Distribution Monitor Improvements

It's now easier to view and sort a large number of distribution points on the [Content Distribution Monitor](#) dashboard.

- Distribution point bar charts sort alphabetically
- Individual bar chart rows no longer resize
- A scroll bar lets you see distribution points that extend beyond the viewable area

## Application Manager

### Reimport Applications

You can now [reimport an application version](#) in Configuration Manager without waiting for a new version to be published in the Application Manager catalog.

# Bug Fixes

## Recast Management Server

### Recast Agent

- Adds missing Agent versions after upgrading from Recast Software v5.3.2311 to v5.3.2312. (Customer-Reported Bug 13151)
- Fixes an issue where the Recast Agent service incorrectly established multiple connections to the Agent Gateway.

## Endpoint Insights

**TLS Reports:** Fixes an incorrect TLS version in charts when drilling down to the list report.

**List of Computers by BitLocker and TPM Status :** Fixes alphabetical sorting by computer name.

## End-of-Life Announcements

With this release, Recast Software retires Shift Left.
